## Support Messages

### Payment & Checkout

Hello Damilola, Thanks for reaching out. I'm sorry to hear that your order was refunded and would like to explain. It appears that your last transaction may have triggered an alert for possible unauthorized use which cancelled your Polarized Sunglasses. This means that your payment was never processed and you were not charged for this item by Wish. This activity may appear as credit or be removed from your statement entirely. If you'd still like the item, please try placing the order again. For security purposes, you may be asked to re-verify your Wish account before the order is successful. Thank you for keeping Wish a safe place to shop. Josephine Wish Customer Support
